What are the areas in your life that need attention? Wu Tao helps to restore balance at every level. Physical conditions, mental and emotional problems can all be transformed and healed through doing Wu Tao.

The best teachers are those who have 'done the work' and all Wu Tao Instructors have taken a deep inner journey and emerged on the other side with the skills required to not only teach the 'technique' of the dances, but to fully support their students on their own healing journey of transformation. It is a premise of the Wu Tao Instructor training, that once a person has experienced inner transformation for themselves, they have the insight and capacity to share and teach it to others. The course has a proven track record in delivering this.

As a result, Wu Tao teachers are confident, supportive, centred, authentic and superb at holding a sacred healing space for their students.

"I can only begin to express the incredible gratitude that I have for you and Wu Tao Dance. I am honestly not sure if I would still be here on this earth if I had not found my way to you 8 years ago. I was so filled with grief and manically out of balance - there is no possible way that I could have continued in that way without manifesting some awful physical dis-ease. Wu Tao gifted me with the remembrance and knowledge of who I truly am and the peace that comes hand in hand with that remembrance. Life is a continual journey of mountains and valleys and Wu Tao is there with me each and every step of the way, always when I need it the most to gently remind meI am loved, I am supported, I am connected to all of Life."

"Most of all , I trust Wu Tao...the concept of Chi has long been a part of my life. I have practiced Tai Chi. But I am also a fitness leader in Australia and I understand the subtlety of the stretches in the 5 dances and the soundness of Wu Tao as an exercise. I am awestruck at the brilliance of merging traditional eastern knowledge with contemporary western scientific findings and am further awed at its power. This approach is a blueprint for the 21st century I've found what Ive been looking for and , increasingly I'm allowing myself to be guided."

(Maggie Mars SA)

"Really enjoyed the training. Thank you so much, it was fantastic! Wu Tao takes me into a beautiful space, and keeps me in the present moment, and positive, when I'm dancing it. I love it!"

(Marian Procter WA)

I Just wanted to let you know the first training module was great; thank you. I can't wait for the next one. It's definitely nice to be in Wu Tao mode.

(Megan Vanderpoll WA)

I did my teacher training last year with Michelle. It was a great and very touching process tapping right into my inner-self again. My husband, Chris was very happy that I had finally found something to satisfy my soul and my bodys' needs.

(Muriel Morwitzer WA)

When I first came to Wu Tao, I had lost a lot of confidence in my body. Wu Tao helped put me on a transformative path, and opened doors I'd thought were permanently closed to me. It inspired me to explore other forms of dance, which I now regularly practise.

I've experienced Wu Tao through three teachers. They each brought their individual style to the teaching, but I was impressed with each of them for their thorough knowledge of the dances. For me, Wu Tao is a unique way into appreciating life, moment by moment.

I am now taking Wu Tao out into my world and getting really positive feedback - I'm finding teaching it to others is a wonderful experience.
